

He Wanted Peace

by Theresa Fullbright

He wanted peace and love all over this land
He wanted peace and love all over this land
Martin Luther King was a peace-loving man
He wanted peace and love all over this land

He walked for you and me all over this land
He walked for you and me all over this land
Martin Luther King was a great, great man
He walked for you and me all over this land

He died for freedom's cause to save this land
He died for freedom's cause to save this land
Martin Luther King was a brave, brave man
He died for freedom's cause to save this land
