BUILD-A-RHYTHM #2

DIRECTIONS: Match sets of 3 rhythms together based on their meter. When you are finished you should have a set of 3 rhythms in each of these meters: $\frac{2}{4}$, $\frac{3}{4}$, $\frac{4}{4}$ and $\frac{5}{4}$. Cut out all the rhythms at the bottom of the page on the dotted lines and glue your sets of rhythms to the top of the page. Remember that the first measure must have a treble clef (♩) and the last measure end with an end bar line (||). Also, the top number (2, 3, 4, 5) tells how many beats are in each measure.
