

Notes:

Directions for the Teacher:

These practice sheets are designed for use in the classroom, whether you are teaching in various public school classroom situations, homeschooling or teaching graded church choirs. You will find many different concepts within these worksheets. It is up to you as the instructor to teach the desired content and then decide how you want to use these worksheets, such as for review practice or take home assignments following the teaching of a new concept. They are also great to leave for substitutes.

Copyright Permissions:

You have permission to photocopy these puzzles as needed for your classroom/choir situation. You do not have permission to modify and/or resell these worksheets. You may pass these puzzles/worksheets along to other teachers as long as you send them in the original zip file format (with cover page & this ReadMe).
