

Coding the Reading Record

Follow these directions for marking on the text script as the child reads.

- 1. Substitutions**
Above the text, write the word the child substitutes.
- 2. Omissions**
Circle the omitted word.
- 3. Insertions**
Draw a caret ^ where the student inserts a word(s), and write the word above.
- 4. Word help given by the teacher**
Write "T" above the word.
- 5. Punctuation ignored by student**
Circle the ignored punctuation.
- 6. Self-Corrections—*not an error***
Write "SC" above the corrected word.
- 7. Repetitions—*not an error***
Draw an arrow backwards over the repeated word(s), starting with the last word said.

Example:  *I am having a lot of fun.*

Note: Self-corrections and repetitions are *not* errors.

Repeated errors on the same (recurring) word are counted as one error only.
